Petition to Withdraw Holding of Abandonment under 37 C.F.R. §1.181(a)

Mail Stop: Petition

Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Sir:

It has come to the attention of Applicants' undersigned representative that the above-referenced application has been listed as abandoned in the records of the U.S. Patent and Trademark Office (USPTO). Specifically, upon conducting an online status check via the USPTO Patent Application Information Retrieval (PAIR) website, the undersigned discovered that this application had been listed as abandoned as of January 10, 2005, apparently for alleged failure to reply to a Notice to File Missing Parts mailed by the USPTO on November 9, 2004. However, a Notice of Abandonment was never received by Applicants.

Applicants respectfully request that this holding of abandonment be withdrawn, because the Notice to File Missing Parts dated November 9, 2004, was issued in error, and because in any event, a full reply to the Notice was made by Applicants within the time period for replying thereto. Therefore, the holding of abandonment in the present case is in error, and should be withdrawn.

BEST AVAILABLE COPY

In support of this request, Applicants provide the following statement of facts and evidence:

A. A Notice to File Missing Parts of Nonprovisional Application was Mailed to Applicants on December 19, 2003 (copy attached as Exhibit A). The Notice indicated that a signed oath or declaration and \$130 late Oath or Declaration surcharge were required to be submitted by February 19, 2004 (extendable to July 19, 2004).

B. On December 23, 2003, Applicants filed a reply to the Notice to File Missing Parts, including a Transmittal Letter with a First Class Certificate of Mailing dated December 23, 2003 (copy attached as Exhibit B); a copy of the Notice to File Missing Parts (Exhibit A, above); an executed Declaration, signed and dated by the inventors (copy attached as Exhibit C); and a check in the amount of \$130 (copy attached as Exhibit D). A copy of the return receipt postcard, bearing the USPTO date stamp of December 29, 2003, acknowledging receipt of these items, is attached as Exhibit E.

Applicants note that the transmittal letter and return receipt postcard listed the incorrect application number (10/655,220). However, both documents correctly indicated the last name of the first-listed inventor (Balwani), as well as the filing date (September 17, 2003) and title ("Decongestant/Antihistaminic/Expectorant Compositions") of the application. In addition, the executed Declaration set forth the correct application number (10/665,220), the correct title and filing date of the application, and properly listed all of the inventors. Furthermore, the copy of the Notice

to File Missing Parts submitted with the Reply and Declaration indicated the correct application number, correct filing date and first-listed inventor. There is no indication on public PAIR that this submission was matched with either of the application numbers noted above.

C. On November 9, 2004, a Withdrawal of Previously Sent Notice was mailed by the USPTO (copy attached as Exhibit F), indicating that the Notice to File Missing Parts mailed on December 29, 2003, was sent in error and was therefore withdrawn. In addition, a Corrected Notice to File Missing Parts was also mailed on November 9, 2004 (copy attached as Exhibit G), indicating that a signed Oath or Declaration was still missing from the application.

D. On November 19, 2004, Applicants filed a Reply to the Corrected Notice to File Missing Parts dated November 9, 2004, in the USPTO via facsimile (copy of the facsimile confirmation report attached as Exhibit H). The Reply included a Transmittal Letter (copy attached as Exhibit I); a copy of the Corrected Notice to File Missing Parts (Exhibit F, above); a copy of the transmittal letter dated December 23, 2003 (Exhibit B, above); a copy of the Notice to File Missing parts dated December 19, 2003 (Exhibit A above); and a copy of the executed Declaration (Exhibit C, above).

The transmittal letter sent with the November 19, 2004 submission (Exhibit I, above) also incorrectly listed the application number as 10/655,220. However, it correctly identified the last name of the first-listed inventor (Balwani), as well as the correct title and filing date of the application. As noted above, the executed Declaration

filed with the facsimile submission of November 19, 2004 set forth the correct application number (10/665,220), the correct title and filing date of the application and properly listed all of the inventors. In addition, the copy of the Notice to File Missing Parts and the Corrected Notice to File Missing Parts also indicated the correct application number, correct filing date and first-listed inventor.

It appears, through USPTO error, that the Reply to the Corrected Notice to File Missing Parts and the Declaration filed via facsimile on November 19, 2004, were not matched with the proper application. Instead, as a review of public PAIR indicates, the declaration was actually scanned and matched with the incorrect application number listed on the postcard and transmittal letter (10/655,220) (*see* printout from public PAIR, documents received on November 19, 2004, attached as Exhibit J).

Applicants respectfully submit that, the transmittal documents submitted with both Replies noted above contained the correct title, first-listed inventor, and filing date for the present application, despite an inadvertent typographical error made in the application number on these documents. In addition, the Declaration filed with these Replies set forth the correct application number (as well as the other identifying information noted in M.P.E.P. § 602), which should have been used to match these submissions with the appropriate file.

The transmittal documents accompanying the Replies were not formal documents or USPTO forms, and thus, should not have been relied up on by the USPTO as the basis for determining the application to which the Declaration and remaining documents

corresponded. As required by 37 C.F.R. § 1.63, the Declaration submitted with the Reply filed on December 23, 2003, and the facsimile Reply filed on November 19, 2004, properly identified the application to which it was directed by: (1) listing the application number of the application provided by the USPTO on the Official Filing Receipt; (2) listing all of the inventors; (3) listing the filing date; and (4) listing the title of the invention which was on the specification as filed (*see* M.P.E.P. § 602, 600-29). Applicants respectfully submit that the information provided on the executed Declaration should have taken precedent over that listed on the transmittal documents, and should have been used by the USPTO when matching the submission with an application.

Thus, Applicants submit that the executed Declaration and \$130 surcharge were timely submitted to the USPTO within the time periods set forth by the Notice to File Missing Parts dated December 23, 2003, as well as the Corrected Notice to File Missing Parts dated November 19, 2004, as evidenced by return receipt postcards bearing the USPTO date stamps. The Declaration and \$130 fee should have been matched with Application No. 10/665,220, as listed on the Declaration. Therefore, Applicants submit that a full and complete Reply to the Notice to File Missing Parts was timely filed.

In view of the foregoing, Applicants respectfully submit that the present application was abandoned in error by the USPTO. Accordingly, Applicants respectfully request that the Notice of Abandonment be withdrawn and that the application be immediately returned to pending status and forwarded to the appropriate Art Unit for examination.

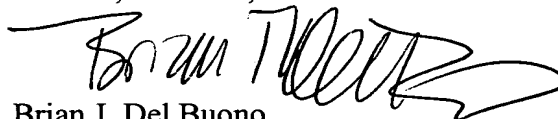

As set forth in M.P.E.P. § 711.03(c)I, Applicants note that submission of this petition does not require a fee. However, if such a fee is required, it is hereby authorized to be charged to our Deposit Account No. 19-0036.

As required by M.P.E.P. § 711.03(c)I, Applicants submit herewith a Terminal Disclaimer to Accompany Petition disclaiming the period of abandonment of the application. Also submitted herewith is the \$65 fee for a small entity required under 37 C.F.R. § 1.20(d) for the terminal disclaimer.

Prompt and favorable consideration of this Petition are respectfully requested.

Respectfully submitted,

STERNE, KESSLER, GOLDSTEIN & FOX P.L.L.C.
